Stop the Talking in Shul!

Cigarette Smoking:

*It's a **medical fact** that smoking causes deadly diseases and afflictions that can harm you. Every Doctor will confirm this. As a result, there is a worldwide movement to end smoking. what was once the norm is now understood to be deadly. Only a **fool** continues to smoke and put himself in harms way...*

Talking during Davening:

*It's a **halachic fact** that talking during Davening causes deadly diseases and afflictions that can harm you. Every Rav will confirm this. The Shulchan Aruch writes that "the sin is too large to bear". Chazal tell us of terrible things that happen when you talk during davening. As a result, there is a worldwide movement to end the talking. what was once the norm is now understood to be deadly. Only a **fool** continues to talk and put himself in harms way...*
